DALLAS TX 75202-2733

Ms. Melanie Little
Vice President of Operations
Magellan Processing L.P.
(Along with its affiliates)
One Williams Center, MD 27
Tulsa, OK 74172

DEC 04 2014

Dear Ms. Little:

In accordance with the Clean Air Act (CAA), as amended (42 U.S.C. 7401 et seq.), the U.S. Environmental Protection Agency has reviewed your application for a CAA Prevention of Significant Deterioration (PSD) for Greenhouse Gas Emissions permit authorizing the construction of a condensate splitter plant at your existing Corpus Christi terminal in Corpus Christi, Texas.

The EPA issued and published requests for public comment regarding EPA's proposed action on the above application on October 25, 2014. During the comment period, EPA did not receive any comments. After consideration of the pertinent Federal statutes, regulations, and additional material relevant to the application contained in our Administrative Record, the EPA hereby issues the enclosed PSD Permit for the facility described above. The final permit and other key documents relevant to the final PSD permit are also available online at <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>.

In accordance with 40 CFR §124.15(b)(3), this PSD Permit becomes effective immediately from the date of service of notice of this permit decision. If you have any questions regarding this matter, please contact Mr. Jeff Robinson, Chief, Air Permits Section at (214) 665-6435.

Sincerely,

A handwritten signature in blue ink, which appears to read "Bill Stenger", is written over a printed name.

 Wren Stenger
Director
Multimedia Planning and
Permitting Division
